

Continued Professional Development

Current Development Objective

- TOGAF v9 certification, aim to sit the examination by end of Q1, 2010.
- ITIL v3 Foundation exam, aim to sit the examination by end of Q1, 2010.

Certifications Awarded

- January 2010 – CISSP: (ISC)² Certified Information Systems Security Professional, #349767
- January 2010 – VCP4: VMware Certified Professional in VMware vSphere 4.0, #55270
- July 2009 – VCP3: VMware Certified Professional in VMware Infrastructure 3.5, #41695
- May 2009 – SCNA: Sun Certified Network Administrator for Solaris 10, Sun ID: SUN415864
- June 2008 – SCSA: Sun Certified Systems Administrator for Solaris 10, Sun ID: SUN415864
- April 2007 – RHCE: Red Hat Certified Engineer in Red Hat Enterprise Linux 5, #805007744625783

Vocational Courses Attended

- July 2009 – VMware Infrastructure 3: Install and Configure v3.5 (VMware, VI3IC)
- April 2007 – Red Hat Certified Engineer Rapid Track for Red Hat Enterprise Linux 5 (Red Hat, RH300)
- November 2006 – VERITAS NetBackup 6.x for Solaris, Administration (Symantec, TCUK-NBU6-SOL)
- September 2004 – New Features of the Solaris 10 Operating System (Sun Microsystems, WS-9000-S10)
- March 2001 – Sun Solaris 7 System Administration: Part 2 (Sun Microsystems, SA-287)
- November 2000 – Sun Solaris 7 System Administration: Part 1 (Sun Microsystems, SA-237)
- January 2000 – Designing a Windows 2000 Active Directory Service Infrastructure (Microsoft, MS 1561 *Beta*)
- December 1999 – Exeter University: Windows NT 4.0 Server on Campus

In-house Training Attended

- April 2008 – Using NetApp Operations Manager with NetApp FAS and NearStore filers (on-site NetApp training)
- December 2007 – Incident Management using Quest Remedy (nabCapital in-house training)
- November 2007 – Problem Management (nabCapital in-house training)
- August 2007 – Managing Change Controls using Quest Remedy (nabCapital in-house training)
- August 2007 – IT Infrastructure Library (ITIL) Foundations
- July 2006 – NetApp NetCache training (on-site NetApp training)
- April 2001 – Windows 2000 Professional, Server and Network Infrastructure (In-house training)

Seminars Attended

- December 2009 – Red Hat Virtual Experience 2009 (Virtualisation Conference).
- February 2006 – BCS Bedford Branch: 'Solutions for Incident Response and Computer Forensics'.
- March 2005 – BCS Advanced Programming Group: 'Ubiquitous Computing: A Research Grand Challenge'.
- February 2005 – BCS Advanced Programming Group: 'Software Factories: Assembling Applications with Patterns, Models'.
- December 2004 – BCS Advanced Programming Group: 'Concepts, Techniques, and Models of Computer Programming'.
